

# Special Focus

## Level 2 Award in Understanding Behaviours that Challenge

### Aim

To help healthcare support workers and adult social care workers to understand the functions and meaning of behaviours and how to support individuals in their setting.

### Learning Objectives

- Define behaviour that challenges and understand why individuals exhibit behaviour that challenges
- Understand the different stages of behaviour, how behaviour is assessed and identify behaviours that we find challenging and how to manage them
- Explain the role of medication in managing behaviour that challenges
- Understand the role communication plays in managing behaviour that challenges
- Consider the functions of behaviour and strategies to manage behaviour
- Understand the importance of reducing restrictive interventions

### Certification

Successful candidates will be issued with a certificate valid for 3 years.

### Accreditation

External accreditation is available for this course, if required, through Advantage Accreditation. Additional costs will apply, please contact us.
