

Special Focus

Level 2 Specialist Award in Continence Care (2hrs)

Aim

To enable delegates to develop their knowledge and skills in relation to promoting continence, including early identification and care of incontinence issues, and person centred care for people with continence problems.

Learning Objectives

- Understand the meaning of continence and incontinence
- Understand and explain different types of continence problems
- Explain reversible causes of urinary incontinence
- Describe the different treatments available
- Understand how to effectively manage continence problems
- Understand infection control issues in relation to incontinence
- Appreciate how to promote dignity when caring for someone who has continence problems

Certification

Successful candidates will be issued with a certificate valid for 3 years.

Accreditation

External accreditation is available for this course, if required, through Advantage Accreditation. Additional costs will apply, please contact us.
