

Flexible Delivery Methods

OUR HIGH QUALITY, FLEXIBLE DELIVERY METHODS FOR STAFF TRAINING THAT MEETS YOUR NEEDS

CLASSROOM TRAINING

We have a diverse portfolio of over 200 training courses which can be delivered face-to-face, classroom-style at your setting or venue of your choice by one of our highly qualified trainers, who are based across the UK. Courses are interactive and learner-centred.

PUBLIC COURSES

We run a programme of first aid, fire safety and health and safety courses at easily accessible venues across the UK. These courses are perfect for individuals looking for training, or organisations with small numbers to train.

E-LEARNING SOLUTIONS

We offer quality, accredited e-learning designed by curriculum experts and mapped to national standards, all on our sleek, user-friendly LMS. It is a flexible, efficient and cost-effective solution for the delivery of mandatory training modules to your staff.

WEBINAR SESSIONS

Our live webinars provide you with all the interaction of classroom-based training from the convenience and flexibility of your laptop or mobile device. Led by an experienced trainer, webinars offer remote access to learning which is quality assured.

DISTANCE LEARNING MANUALS

Our high quality distance learning manuals are externally accredited and mapped to our Level 2 Awards. They offer all the credibility of our face-to-face courses, but with unbeatable flexibility. Plus, we even mark and certificate them for you.
