

How we're responding to vaccination requirements...

Find out what we're doing at First Response Training to comply with the latest government guidelines and keep you and your learners safe:

1

VACCINATION

Our entire training team - whether full time or part-time - is double vaccinated against Covid-19 to ensure the safety of our staff, clients, learners and the people they support.

2

RECRUITMENT

We will only be recruiting and deploying trainers who have received both doses of a Covid-19 vaccination. We will not use any unvaccinated trainers.

3

TESTING

All trainers conduct Lateral Flow Tests (LFT) twice weekly, as a minimum, and the results are recorded centrally. Trainers need evidence of a negative test to deliver courses.

4

MEASURES

All trainers have a copy of our latest Covid-19 risk assessment and are aware of, and must comply with, all safety measures outlined under our updated Covid-19 Secure Pledge for training.
